## Peter Pan's Hat

### Materials

- 1 Piece of Green Construction Paper 12 in x 18in
- Red feather
- Glue/ tape
- A pencil
- Scissors

### Instructions

1. Keep your paper folded in half, we folded it for you :)
2. Draw a curved line from the top right corner to the bottom left.
3. Use scissors to carefully cut along the curved line. Keep the paper folded carefully while you cut to make the sides symmetrical.
4. Fold up the curved edges on both sides to make the hat brim. At this point, your folded piece of paper should resemble a triangle.
5. Tape or glue the back edges of the hat together. If you use tape, hold both sides of the hat's back fold closed. Press a piece of tape over both and smooth either side. If you use glue, open up the top fold of the hat and apply glue along one edge, from bottom to peak. Press the two edges together and allow the glue to dry. This will create the flat back of the hat.
6. Open up the bottom of the hat. Your hat should now look like a triangle with a long, pointed front and a pointy top. Open up the hat by spreading the brim edges so the bottom is slightly open.
7. Glue the feather in the brim of the hat towards the front

## Monologue: Neverland 911

Neverland 911, what's the emergency? You are being kidnapped by pirates? Can you be more specific?

Which pirate is kidnapping you? Well, if he's limping on a peg-leg then it's probably Long John Silver, but if he has a hook then it's probably Captain-oh- He's got a hook and a pegleg? Oh dear. Please hold.

Neverland 911, what's the emergency? Being harassed by mermaids? How dreadful. Please hold.

Neverland 911, how can I help you? Trapped in Skull Cave? The tide is coming in? Oh my! Please hold.

Neverland 911, what's your problem? Your rowboat's falling apart? And you're being attacked by a tick-tocking crocodile? Oh you poor dear! Please hold.

Neverland 911. Hey Thumbelina! How you doin' girl? He did?! Why, you need to dump that Tom Thumb. Uh-huh? Uh-huh? No, I'm not busy. You tell me all about it!
